LEGISLATIVE REPRESENTATION

The MLTA has full time registered lobbyists located directly in Lansing. They are there, on the ground, watching out for MLTA's best interests by working to advance our specific policy goals and employing defensive tactics when legislation or regulatory efforts could harm our industry. Additionally, our lobbying team provides a behind-the-scenes analysis related not only to legislative and regulatory initiatives, but also to the political climate and future trends. MLTA is our industry's resource for state government and legislation on areas that affect our industry.

Annual Lobby Day: Join fellow members in Lansing to meet our Representatives and discuss the issues that affect our industry.

Political Action Committee (PAC): Get involved and work together on issues that affect the entire industry in the state of Michigan
