Overview and important Information about Michigan Land Title Association's Education Designation Programs....

A unique development for the land title insurance industry is the professional recognition as Certified Land Title Professional (CLTP) or Associate Land Title Professional (ALTP) for those persons within the Michigan Land Title Association (MLTA) who, through a combination of education, experience and performance, have demonstrated a proficient knowledge of land title insurance.

The MLTA is a professional association dedicated to supporting its members' efforts to provide their clientele with the highest quality land title evidencing and title assurance services possible. In support of that mission, the MLTA has created a Professional Designation Board of Review to oversee the implementation of the MLTA's recognition program for awarding professional designations to those persons within the MLTA who, through combinations of education, experience and performance have demonstrated a proficient knowledge of land title insurance and escrow procedures. The designations will represent the highest measure of achievement in the land title insurance profession. The Professional Designation program is designed to:

- Establish the highest standards of professionalism in the land title industry
- Motivate escrow and title professionals to achieve excellence in the performance of their duties and responsibilities
- Promote the characteristics of professionalism by encouraging loyalty and a sense of an obligation to serve and contribute to the welfare of the land title industry and its people
- Recognize and reward those title professionals who fulfill the standards required for experience, education and participation and who merit the approval of the Board of Review and the MLTA.

MLTA Members holding an active Michigan Resident Producer License with a minimum of five (5) years' employment in the title insurance industry may seek the **CLTP** designation. Unlicensed MLTA Members with a minimum of five (5) years' employment in the title industry or Licensed attorneys who have been actively handling Real Estate matters in Michigan for five (5) years or more, may seek the **ALTP** designation. A Licensed attorney must be in good standing with the State Bar of Michigan.

The designations represent the highest measure of achievement in the land title insurance profession and follow the Professional Designation concept found in other lines of insurance. To assure that the awarding of this high honor is conducted in the most equitable, non-capricious manner, the MLTA Board of Directors has approved the following conditions and procedures for candidacy and designation. Please review the *Process for Designation, Requirements for Candidacy and Requirements for Designation* before inquiring or applying for designation.

This recognition establishes the professional with a reputation for excellence in the performance of their duties and obligations as well as their contributions of time and talent to the welfare of the land title industry and its people. Once your designation is achieved, your picture and biography will be placed on the MLTA's Website in a separate section designated specifically for Land Title Professional Designees.

To be designated as a Land Title Professional is a high honor and an earned privilege. A designee may lose the designation if the designee has violated the MLTA Code of Ethics; has had their title license revoked, suspended or is inactive; no longer maintains a membership relationship with the MLTA; or fails to complete the annual requirement of attendance at 2 Qualifying Events (as defined in the Requirements for Candidacy) in each calendar year following the year the designation was awarded.

CODE of ETHICS
of the Michigan Land Title Association

One of the fundamental components to the freedoms we enjoy as Americans is the ability to freely alienate and transfer interests in real property. It is upon this principle that we exist as an industry, we interact with affiliated organizations in real estate transactions and, in concert with these other affiliated organizations, we enhance and improve the quality of life enjoyed by our society. Title insurance has become an integral and primary force in this process.

In response to that role, and in conjunction with the Michigan Land Title Association Mission Statement and Vision Statement, the Association hereby acknowledges its responsibility to promote these ideals by establishing this Code of Ethics to support its members in achieving the highest standards of sound and ethical business practices.

Now, therefore, in furtherance of the above-stated principles, it is the charge and responsibility of each and every member of the Association to:

Serve the public by providing the highest quality land title evidencing, title assurance and settlement services possible.

Strive to continually increase and improve their business knowledge by availing themselves of educational opportunities offered by the Association or other related professional organizations.

Conduct their business at all times in a manner designed to promote the integrity and professional reputation of the title insurance industry.

Advocate and support legislation and regulations designed to promote a system of public land records, which enhances the ability of the public to transfer interests in real property.
